GRIZZLY COLLEGE OF EDUCATION

Telaiya Dam - 825413, Koderma (Jharkhand)

PROSPECTUS FOR B.Ed. COURSE

"By education, I mean an alround drawing out of the best in child and man, body, mind and spirit "

- M.K.Gandhi.

"Education is a natural, harmonious and progressive development of men's innate powers".

- Pestalozzi

"Come to learn, go to earn and serve the society".

Educational Thought

Education is a man-making process. Teacher education or so-called teacher training is a process of preparing teachers who will be man-makers, nation-builders and an agent of social reconstruction. The purpose of teacher education is strengthening knowledge, skills, interest, habit, aptitude and abilities within teacher educators or teacher-trainees.

Our College

Grizzly College of Education recognised by NCTE, ERC Bhubaneswar and affiliated to Vinoba Bhave University, Hazaribag managed by "Grizzly Charitable Trust", was established in 2009. This Trust also runs Grizzly Vidyalaya, affiliated to CBSE upto +2 level, a day cum boarding co-educational english medium school established in 1999, having boarding facility for boys only. The college provides secondary level teacher training program (B.Ed.). It aims to produce quality teachers to form a learning society as because quality teachers imply quality education and quality education determines quality of life of people in a society. Our college is committed to quality, excellence and standard in teacher education. We are on the way to be recognized as the centre of excellence in teacher education.

Grizzly College of Education with its exceptional infrastructure and competent faculties will contribute constructively towards preparing professionally efficient teachers worthy to learn, earn and serve the society. It is an honest effort for imparting teacher-education in Jharkhand. To play a decisive role as a teacher in an emerging India, our teacher-trainees will be strong enough to face the challenges. Above all, we initiate the teacher trainees to be skillful, competent, responsive, innovative and constructive.

Our procedure, systems, pedagogy, faculty and infrastructure are totally geared towards helping the trainees so that they can achieve their goals of becoming an ideal teacher.

Aims and objectives

- i) To prepare committed teachers for schools for the state of Jharkhand and the country.
- ii) To prepare highly skilled full & effective teachers to teach in secondary and senior secondary school.
- iii) To offer an around training i.e. mental, physical cultural, social, moral and spiritual.

Pedagogy

G.C.Ed. believes in holistic education, which imparts the overall personality of the trainees. The teaching methodology is at par with global perspective to meet challenges of the competitive teaching environment. Trainees are imbued with holistic personality skills to enhance their employability. Special attention is given for overall personality development of every enrolled trainee.

A series of programs with the help of internal and external experts are periodically conducted to develop and sharpen the skills of communication, analytical ability, and proficiency in public speaking, assertiveness, self confidence, interview techniques and a variety of other skills that are essential for an ideal teacher.

In addition to regular lectures by faculty members giving necessary inputs to the trainees by making use of the latest audio-visual teaching aids, G.C.Ed strives to improve quality education by extensive classroom interface.

Case studies/discussion method of teaching is employed to develop the mental ability of each trainee and encourage him/her to ensure they understand as to how the theory learned applies in real life teaching situation. A fair opportunity is given to each trainee to develop his/her problem solving and presentation skill.

Discussing ideas in a group is one of the best ways to solve the problem and find valuable solutions to teaching issues. It is imperative to provide an open forum for discussion where trainees feel comfortable sharing their ideas.

Projects and assignments form an integral part of the curriculum. Projects are identified based on teaching needs. Guidance to work on the projects is provided by the faculty members.

The institution has several events that are totally managed by the trainees. This gives them experience in planning and managing events.

G.C.Ed. is fortunate in having an excellent team of well qualified and highly accomplished faculty members with strong academic and teaching background, sound conceptual knowledge in their respective areas of expertise. They are driven by a passion to create and share knowledge to inspire and nurture the lives of their trainees.

Library

Library in an educational institution is an indispensable support mechanism in fulfilling the objectives of teaching learning in the institution. We realize that books are our best friends which play a very important role in our life. Books not only amuse us but also instruct us. They are like a fort which protects us from evil of boredom and loneliness. It is through the books that the modern world has progress. The books bring us in contact with great thinkers, philosophers, scientists, poets, authors and other literary men and women of world. There is no limit to the variety of books. They are like a king's treasure which can never finish. In the words of Bacon, "Some books are to be tested, others to be swallowed and some to be chewed and digested".

There are innumerable books in the library on literature, philosophy, history, biography, autobiography, science, politics and stories and so on. College library has more than 3500 books with 1000 titles and sufficient number of educational journals, reference books, news paper and magazines having spacious study room.

ICT Rooms

Information and Communication Technology (ICT) is an umbrella term that includes all technologies for the manipulation and communication of information. It deals mainly with the uses of tools and techniques to enhance the effectiveness of the teaching-learning process. Educational technologies (ET) deals mainly with broad theoretical and classroom oriented issues, including processes, while ICT in education largely deals with practical aspect of Educational Technology.

Our college has quite spacious I.C.T. lab to arrange computer education classes and T.V. projector and language laboratory are available with skilled instructors.

Science and Mathematics Education Resource Centre

Science and mathematics are essential components of general education of an individual. Science and mathematics are not mere disciplines of study but also a way of life. The process of scientific thinking based on scientific reasoning, mathematical logic, scientific method of problem solving and mathematical accuracy and above all the values they inculcate cut across various disciplines and are applicable in every walk of life.

Science and mathematics education at school level has to focus not only on development of understanding and skills related to these subjects but also on the development of scientific temperament among the learners.

On the basis of aims and objectives of science and mathematics resource our college has well equipped three science laboratory such as physics laboratory, chemistry laboratory, and biology laboratory and one mathematics laboratory separately.

"To learn science is to do science, there is no other way of learning science."

- Dr. D.S. Kothari.

Psychology Resource Centre

The teacher are expected not only to understand children and how learning occurs but should also be aware of their inclinations, expectations, perceptions, dispositions, potentialities, acumen etc. Teachers with such technical know-how and confidence will not only be able to apply the theoretical knowledge to real life situations but will also be able to use the knowledge of their field and real life experience to construct.

In the view of above opinion our college psychology resource centre has well equipped psychological test apparatus such as mirror drawing test, intelligence test, memory test and some paper on personality, teacher effectiveness test to provide training for students teacher that how to psychologically identify the individuals.

Arts and Craft Resource Centre

Our college has well equipped Arts and Craft resource centre for providing opportunities and training to student teachers for acquiring and enhancing necessary skill in different areas of Arts and Craft as a prospective teacher and also as an individual.

Health and Physical education Resource Centre

Health education is both "contents and a process" comprising of desired change in knowledge, attitudes and practices. Sports and physical training constitutes an essential part of education. Physical development of the body is required for healthy growth of mental abilities. Regular physical exercises and training and active participation in various disciplines of sports and games are encouraged under the guidance of trained teacher and coach. Team events teach us to contribute individually towards a common goal and to work for common cause. But an individual event exhorts one to excel all others in the race. Athletics and indoor events like chess and carom are a few of such individual events the trainees are encouraged to practice.

Physical education is an educational process which aims at the improvement of human performance and activities. Our college has well equipped health and physical education source centre for training of students teachers to enhance the knowledge about important role of health and physical education in society.

Class Attendance

Each B.Ed. student must attend 75% of classes organised by the college as per university norms. If any student found not attending 75% of classes organised by the college, he/she will not be allowed to fill-up the form for final examination. All students must participate in all co-curricular activities organised by the college.

Sessional Examination

Two sessional examinations will be organized by the college for sessional evaluation. Students must appear at each sessional examination. Based on the sessional examination result, college will send sessional marks to university confidentially which is a part of total evaluation of B.Ed. students.

Practice teaching

The college will organize micro-teaching classes, demonstration lesson and skill-development sessions before organizing practice of teaching in nearby secondary schools. B.Ed. students must attend all these classes. Students must attend practice of teaching classes regularly, failing which he/she will not be allowed to appear at the final B.Ed. examination.

General Rules and Regulations

Keeping in view the aims and aspirations of Grizzly College of Education certain rules and regulations have been framed to be strictly followed by trainees. These rules have been formulated not to bind the trainees within the premises but to make them understand the value and standard of discipline, which, when, followed meticulously by the trainees, help them to emerge into a more determined, matured and knowledgeable individual. A full hearted support from our trainees and guardians are thus solicited.

1. Discontinuance:

- a. In case any trainee is found not paying his/her fees within 15 days from the due date he/she will fetch strong disciplinary measures.
- b. If any trainees at their our opts to drop out from the course the case will also be treated as discontinuance in such a situation, the course fee and other charges already paid will not be refunded under any circumstances.
- c. In case of absence for 15 consecutive days, the college must be informed of valid reason or the case will be treated as discontinuance.
